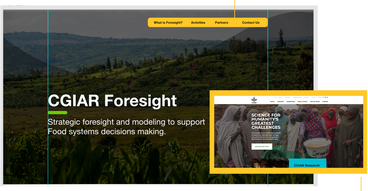
Cafeto

CGIAR Foresight

Design Documentation

In the navigation bar you will find the different sections of the landing page



We took the CGIAR.ORG as a base for the look and feel of the CGIAR Foresight Landing page, the main idea was to find a couple of vivid colors that can be a complement of the clean black and white style and that evoke nature and agriculture

COLORS

HEX: #FFC84F

HEX: #84CB22

HEX: #707070

1st SECTION

The first section of the landing page talks about "What is Foresight" giving an idea of what the page is going to talk about.

In this case the text have a Flickr CIAT image with a green brush giving it an attractive introduction.

2nd SECTION

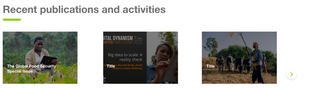
The second section talks about "What does CG Foresight offer the one CGIAR and its partners?"

In this case the green square highlights some important information.

The three icons on a side are used to give the reader an idea of some values of the CG Foresight.

3rd SECTION

The recent publications and activities section is a space where readers will find more information about News and important posts.



Close Button

Arrows for the carrousel function

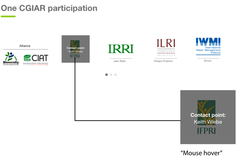
The "Know More" button pops out a screen showing the complete information about the post.

4th SECTION

In this section is shown a picture of some of the team members.
In the Background you can find an image of a Drone, showing the importance of the technology use for this project.

5th SECTION

For this section the different logos of the entities are shown in a carrousel and when you Mouse hover any of those logos you can see the focal point of each one



"Mouse hover"

6th SECTION

The CGIAR Foresight have research and funding partners, is important to include them in any place of the landing page. The idea is to keep adding logos of more companies, that's why the Dark space is a little bit bigger than how it's supposed to be.

7th SECTION

This is a basic contact us form to obtain enough information to know what the visitor wants and contact back.

- Name
- E-Mail
- Subject
- How can we help you?

SEND

Footer

The footer has basic information about key mail contacts and Links to the social network pages.

CGIAR Foresight

Technical Documentation

1 OVERVIEW

2 CONTENT STRUCTURE

3 TECHNICAL

OVERVIEW

The proposal carry out a process of designing, prototyping, and technical implementation of a landing page for the CGIAR Foresight project.
The project is being implemented as demand in WordPress as the main framework generating a custom theme that achieves the expected requirements

Milestones

1. Wireframes and Designs
2. Development (WordPress Technical Implementation)
3. Testing and feedback
4. Go Live

User Requirements

Based on the first discovery meeting, the project is expected to be developed in progressive phases and this document will take the first one taking the most important user stories.

Phase 1

- As a user, I want to see what CGIAR Foresight is and what offer to One CGIAR and its partners so I get more understanding
- As a user, I want to see the research and funding partners so I know the involved partners
- As a user, I want to see the One CGIAR Focal points so I know who represents the partner
- As a user, I want to get a contact form so I share any suggestion or comment
- As an administrator, I want to edit the landing page layout so I can change the public content information
- As an administrator, I want to modify internal parameters, so I can set up my own configuration
- As an administrator, I want to add publications and activities, so the Landing page will keep updated

Project Team

From Cafeto Software, the project team is being led by:

- Digital Agency BU Director - Maria del Mar Montes <mmontes@cafetosoftware.com>
- Graphic Designer - Cristian Fabian Velez Marin <cvelez@cafetosoftware.com>
- Technical Lead - Sebastian Amariles <samariles@cafetosoftware.com>

From Alliance Bioversity CIAT, the project team is being led by:

- Tobon R, Hector F (CCAFS-Alliance Bioversity-CIAT) <H.F.Tobon@CGIAR.ORG>
- Elvira, Felipe (CCAFS - Alliance Bioversity-CIAT) <F.Elvira@cgiar.org>

CONTENT STRUCTURE

Site map

The content structure was defined as:

- Landing Header
- What is Foresight?
- What does CG Foresight offer the one CGIAR and its partners?
- CGIAR Foresight members
- One CGIAR participation
- Our Research and Funding Partners
- Contact us Form
- Footer

Content types

Publications and Activities (Default WordPress Posts)

CGIAR Partner

- Title
- Feature Image
- Focal Point name

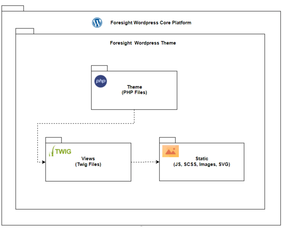
TECHNICAL

Logical View

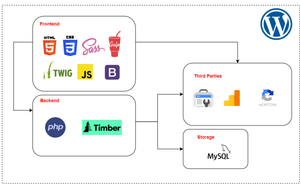
static/ is where we can keep the static front-end scripts, styles, or images. In other words, the Sass files, JS files, fonts, and SVGs would live here.

theme/ contains all of the PHP (backend) and other files needed by WordPress.

views/ contains all Twig templates. These pretty much correspond 1 to 1 with the PHP files that respond to the WordPress template hierarchy.



Tech Stack



Parameters

The WordPress theme uses custom parameters to customize third-party integrations and other configurations

Key	Value
Google Analytics	G-ZSKGDRCQV1
Google reCAPTCHA Site Key	6LemBQEaAAAAAKjQwuZbpEiuJ-cI8I6RVJaYEqJMg
Google reCAPTCHA Secret Key	6LemBQEaAAAAANpdWSwomqMQzqIdQFBCr33Z5Dwe4

Environments

The environments are hosted and managed on WP Engine

Env	URL
[PRO] Production	http://foresight.cgiar.org/
[DEV] Development	https://devcgforesight.wpengine.com/

Users Credentials

For logging in to the WordPress dashboard administration panel, navigate to {ENV_URL}/wp-admin and enter the following credentials

Role	User	Password
Administrator	hisbon	*Kl(ZS&G!9DTI)GcSX1Zs6f9t*M
Administrator	felvira	mDU6A4Dv Y4aQuSP&0joM1V1D

WordPress Plugins

WordPress uses plugins in order to extend some functionalities, we listed the required and optional plugins that were used

Importance	Plugin Name	Version	URL
Required	Timber	*1.18.2	https://www.upstatement.com/timber/
Optional	WP Mail SMTP	*2.5.1	https://wpmailsmtp.com/
Optional	Simple Custom Post Order	*2.5.2	https://wordpress.org/plugins/simple-custom-post-order/
